A Voyage of Hope
Logic Model for the Hope for Kids Initiative (ʻElua)

1. Immediate Goals
- Knowledge of and appreciation for community
- Positive feelings about self
- Sense of achievement – 'hiki' (recognizing potential). Increased self-confidence.
- Skill
- Sense of belonging in a cultural continuum (cultural identity)
- Connection to the ʻāina.

2. Intermediate Goals
- Belonging to community
- Building trust. (Self-efficacy) Resiliency
- Recognizing potential to affect change, resulting in hope and resiliency
- Increased mastery
- Stewardship of ʻāina.

3. Long-term Goals
- Kuleana to community
- Live Aloha
- Making change
- Applied Skill
- Cultural vibrancy
- Kinship with ʻāina

Every child in Hawaiʻi has access to quality ʻāina-based education.

**Believe in the potential of children and set high expectations for their performance.**

**Assist children in the development of life skills.**

**Provide opportunities to celebrate and find strength in one's cultural identity.**

**Culture is a foundation for learning.**

**Provide opportunities for meaningful engagement with an adult who shares of their ʻike and aloha (knowledgeable, caring, and affirming).**

**Hope For Kids Core Elements Compass**
