

Participant List

We would like to thank all of the interview participants for the time, knowledge, and personal experiences shared with us during this study. The information provided established the basis for this study and without their expertise and willingness to share; the study would not have been possible. We want to recognize the participants for their contributions to this study and for their many accomplishments in their respective fields. Each is an asset to Hawai'i and we are grateful for their important work. *Mahalo ā nui.*
